The society finished in 1882 when it became part of the Royal Academy of Medicine as the Section of Pathology.

BMS/13  Medical History in Philately  c.1919-1950

Extent:  
3 items

Creator:  
Bourke, Frederick Stephen, fl. early-mid twentieth century

Description:  
Album containing stamps from across the globe featuring medical subjects collected by Frederick Bourke. Also a file containing a further collection of stamps by Bouke, and a copy of 'Medicine and Science in Postage Stamps' by W J Bishop and N M Matheson published in London in 1948.

BMS/14  Case Books No. 1 and No. 4  February 1834 - August 1838

Extent:  
2 volumes

Creator:  
[Martin, E], fl. early-mid nineteenth century

Description:  
Case book from the Rotunda Hospital, giving details of patients name, age and sometimes marital status. Case notes record each visit to the patient, sometimes more than once a day, at the top of each case the disease or condition suffered from is recorded. Case Book No.1 covers the period February 1834 to January 1835, Case Book No.4 December 1836 to August 1838.
BMS/15  Dublin Branch Pharmacopaeia Committee  3 January 1859 - 26 February 1864

Extent:  c.400 pages

Creator:  Dublin Branch, Pharmacopaeia Committee

Description:  Under the Medical Act of 1858 the General Medical Council was responsible for compiling and publishing a national British Pharmacopaeia in English, which would replace the previous regional pharmacopaeias including the Dublin Pharmacopaeia (see RCPI/12). A series of branch committees were established to assist in the preparation, including this one in Dublin, which had representatives from the College of Surgeons, College of Physicians and Apothecaries Hall. The British Pharmacopaeia was published in 1864.

BMS/16  Dublin Obstetrical Society Minute Book  29 May 1852 - 10 October 1861

Extent:  c.35 pages

Creator:  Dublin Obstetrical Society

Description:  Minute book of the committee meetings of the society. Minutes record names of those present, election of members and matters relating to the financing and management of the society.

See also TPCK/6/7/5

BMS/17  Studies in Onchocerciasis  1952

Extent:  46 pages

Creator:  Ikejiani, Okechukwu, fl. mid-twentieth century

Description:
Bound typescript of 'Studies in Onchocerciasis' by Okechukwu, formally lecturer in Pathology at University College, Ibadan, Nigeria. Several of the cases are illustrated with photographs of the patients.

**BMS/18 Case Book and Diary**

*Extent:*
c.280 pages

*Creator:*
Doyle, Joseph, fl. early nineteenth century

*Description:*
Bound volume containing the diary of Dr Joseph Doyle from 28th June 1814 to 31st August 1816, diary records observations on the weather (sometimes with thermometer readings) and brief notes on daily activities, including visitors and accounts. At the reverse of the volume are case notes on some of Dr Doyle's patients from January 1814 to August 1816, notes give names and details of patient, and history and treatment of cases. Volume also contains two loose letters and a receipt.

Dr Joseph Doyle seems to have come from a Kilkenny family, his wife's name was Frances nee Purcell, and they had at least one son John Joseph, born 2 June 1815. During the period covered by this diary Doyle and his family lived in a house on Blessington Street, Dublin, making short trips to Kilkenny and Maynooth.

**BMS/19 Cholera in Belfast**

*Extent:*
c.200 pages

*Description:*
Bound volume containing newspaper cuttings relating to the outbreak of cholera during 1832, the primary focus of the volume is Belfast although the cuttings contain information on the outbreak across Ireland and in Britain. The volume also contains copies of printed letters and public health notices issued in by the Board of Health in Belfast during the outbreak, giving notice
of how the outbreak was to be combated and advice to
the public.

BMS/20  The Oriental Plague

Extent:  
180 pages

Creator:  
Abbott, Joseph, fl. late nineteenth century

Description:  
Manuscript essay on 'The Oriental Plague. Its Medical
History; its social, economical, political and
International relations, with a brief memoir of the
researches of John Howard on the subject'.

BMS/21  Hospital Case Book

Extent:  
c.150 pages

Creator:  
Boxwell, Dr, of Abbyleix, fl. early nineteenth century

Description:  
Leather bound volume containing Dr Boxwell's case
notes. Notes seem to have been written as a summery
of the cases after treatment, the name of the patient is
general not given just their age, sex and other relevant
personal details. One case is accompanied by an
illustration.

BMS/22  Record of Cases in Dr Steevens' Hospital and Cork
Street Fever Hospital

Extent:  
3 volumes

Description:  
Set of indexed case books from an unidentified doctor
who worked in Cork Street Fever Hospital (c.1865-
1871) and Dr Steevens' Hospital (1870-1871). Two
volumes contain brief summery case notes, one book
each for Cork Street and Dr Steevens' hospitals, records are arranged alphabetically by patients' surname. A third volume contains an index to the two case books by illness.

**BMS/23 Dublin Hospital Football Union 1884-1901**

*Extent:*
c.150 pages

*Creator:*
Dublin Hospital Football Union

*Description:*
Minute book of the union, recording the minutes of the committee who organised the Dublin Hospital Rugby Cup. Minutes cover the arrangements for the cup, changes to the rules and copy correspondence. Volume also contains printed copies of the competition rules from 1893 and 1901.

In January 1881 a group of physicians and surgeons met in Dublin to discuss Dr Cassidi's idea for a rugby league to be played between teams fielded by the Dublin Hospitals. The Hospitals Cup has been played every year since 1881 (with the exception of 1916-1917 and 1945-1946) making it the longest running rugby competition in Ireland.

**BMS/24 The Odontological Society of Ireland minutes 20 November 1944 - 12 December 1949**

*Extent:*
c.270 pages

*Creator:*
The Odontological Society of Ireland

*Description:*
In 1944 the Odontological Society formed as a club within the Irish Dental Association. The minutes cover ordinary meetings, committee meetings, annual general meetings as well as reports from the Honorary Secretary. Subjects under discussion include, but are not limited to: Local anaesthesia in cavity preparation, edentulous partial impressions, post operative pain,
post operative haemorrhage, diabetic factors in the prevention of caries, is orthodontological treatment contributing to caries, X-ray interpretation, the treatment of dental cysts, penicillin and the sulphonamides in dentistry, dental treatment during pregnancy and operative accidents and complications. Dental caries are also known as tooth decay or cavities. Minutes cover 68 pages only.

In 1949 the Odontological Society applied for membership of the Royal Academy of Medicine in Ireland and held its first meeting in 1950 there as the Odontological Section of the Academy. RCPI holds the records of the Section of Odontology, Royal Academy of Medicine see RAMI/3/8/1.

**BMS/25  Minerals etc.  c.1868**

*Extent:*
c.100 pages

*Creator:*
Grimshaw, Thomas Wrigley, 1839-1900

*Description:*
Bound volume containing printed cuttings relating to the compounding of various mineral based compounds and solutions.

**BMS/26  An Exposition of the Experiences and Opinions of John Howard  1886**

*Extent:*
c.100 pages

*Creator:*
Abbott, Joseph, fl. late nineteenth century

*Description:*
Manuscript essay 'An Exposition of the experience and opinions of John Howard on the preservation and improvement of inmates of schools, prisons, workhouses, hospitals and other public institutions' by Joseph Abbott
BMS/27  Manuel Des Goutteux et Des Rhumatisans  [early nineteenth century]

Extent:
420 pages

Creator:
LeRoy, Alphonse, 1742-1816

Description:

Language:
French

BMS/28  Typhus Fever in Malahide  c.1819

Extent:
260 pages

Creator:
Dalton, George Edward, fl. early nineteenth century

Description:
Manuscript of 'Observations on typhus fever as it prevailed in Malahide and its neighbourhood during the year 1818 and part of 1819' by Dalton, medical attendant to the Malahide Dispensary. Volume contains introductory observations, monthly reports, notes on various kinds of typhus, its cause and treatment, also details of some of the cases from the outbreak.

BMS/29  Dublin Obstetrical Visiting Society  16 May 1957 - 13 October 1991

Extent:
c.400 pages

Creator:
Dublin Obstetrical Visiting Society

Description:
Minute book of the Dublin Obstetrical Visiting Society (DOVS) containing minute of their normal meetings, scientific sessions and travelling meetings, where the society visits obstetrical institutions around the world. The volume starts with a history of the founding of the society and a photograph of the early members. The society was founded in 1957 by twenty members Irish maternity hospitals, the aim was to visit other obstetrical institutions around the world, to improve knowledge and practice in Irish maternity hospitals.

BMS/30  Notes on the Arteries  [early nineteenth century]

Extent:
c.300 pages

Creator:
Kennedy, George Alexander, 1794-1865
Colles, Abraham, 1773-1843
Kirby, John, 1781-1853

Description:
Bound volume containing manuscript notes on arteries taken from lectures by John Kirby and Abraham Colles, as well as from some published works. Volume was donated by Kennedy, who may also have taken the notes.

BMS/31  An Essay on the Pathology and Diagnosis of Diseases of the Larynx and Trachea  [1862]

Extent:
305 pages

Creator:
'Laryngoscope'

Description:
Manuscript essay on diseases of the larynx and trachea, with illustrations. Authors name is given on title page as 'Laryngoscope', although a manuscript
note inside the cover indicated the author may have been a Mr Cameron.

BMS/32  **Doctor Hunter's Anatomical and Chirurgical Lectures**  
*Extent:*  
c.300 pages  
*Creator:*  
Hunter, William, 1718-1783  
*Description:*  
Manuscript notes, taken by an unnamed student, during William Hunter's lectures on anatomy and surgery.  

BMS/33  **Prescription Registers**  
*Extent:*  
4 volumes  
*Description:*  
Series of manuscript prescription registers covering the periods 1786-1788, 1797-1798, 1816 and 1819. Registers give name of customer and details of prescription.  

BMS/34  **Essay on the Pathology and Diagnosis of Diseases of the Ovary**  
*Extent:*  
c.500 pages  
*Creator:*  
Meldon, Austin, 1843-1904  
*Description:*  
Manuscript of essay, with numerous coloured illustrations and supporting cases, written by Meldon, for which he won the Pathological Society's prize essay award 1863-1864.
